# **RETIREMENT PLANS**

## Mandatory Retirement Plans

Classified employees who have been hired into a permanent position are required to participate in the Public Employees' Retirement System (PERS) of Nevada.

## PUBLIC EMPLOYEES RETIREMENT SYSTEM (PERS) Two Options:

**Employer Pay Contribution Plan (EPC)** - The employer pays the full retirement contribution based on the adjusted gross salary. This results in a higher paycheck, because the contribution is pretaxed. Contributions are not deposited to your individual member account and are not available for refund upon termination of employment.

**Employee/Employer Paid Contribution Plan (EEC)** - You and the University share equally in the contribution to PERS. Your after-tax contribution is refundable upon termination of employment, if you do not elect to receive a monthly retirement benefit. This results in a lower paycheck, as the contributions are deducted after taxes are calculated.

Benefit Calculation Factors - Once you have attained 5 years of service you are "vested" in PERS and eligible to receive retirement benefits. After you are vested in PERS, the monthly benefit you receive from PERS will be based on three factors:

- Service Oredit years, months and days on which contributions were paid.
- Average Compensation average of highest 36 months of employment.
- Selection of Retirement Option and Age of Member and Beneficiary at the Time of Retirement

Additional information regarding PERS is available at <u>www.nvpers.org</u> or by telephone at (775) 687-4200.
