| <b>Action Taken</b>          | Information/Discussion  |
| <b>Summary of Discussion</b> | <p>Justin McMenemy is in charge of Profession Development. He is gathering information about any interests in regards to any professional development courses/topics that ASWN might want to see scheduled. These topics are relevant for what the college wants. In the previous years, there would be a week for submitting ideas and topics.</p> |

|  | <p>the survey is because it takes a longer process to ask for permission from their guardians/parents to take the survey.</p> <p><b>Q:</b> Do you think that if there is any possible way to go back to previous surveys and filter out the participants of 18 years &amp; younger, there would be dramatic change in survey results compared to today's data results?</p> <p><b>A:</b> Having to go back and filter out that population would be difficult to do. There are a number of indicators that are tied to those questions, so it would be a very tedious process. The question about student age is the demographic question, which comes up at the end of the survey.</p> <p><b>Q:</b> Moving forward, are we going to continue to remove the 18 years &amp; younger demographics from the surveys?</p> <p><b>A:</b> Yes, especially because of the permission needed from the parents/guardians.</p> |
