Note 1 - Summary of Significant Accounting Policies

Nature of Organization

Western Nevada College Foundation (the Foundation) is a nonprofit corporation organized to hold and administer endowments for funding scholarships and to conduct capital fundraising campaigns for Western Nevada College (the College).

Basis of Presentation

The Foundation is considered a governmental not-for-profit because of its relationship with Western Nevada College, a campus of the Nevada System of Higher Education. The financial statements have been prepared in accordance with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (“GASB”) Statement No. 35, **Basic Financial Statements – and Management’s Discussion and Analysis– for Public Colleges and Universities**

The Foundation is a component unit of the College as defined in GASB Statement No. 39, **Determining Whether Certain Organizations are Component Units**. As such, the Foundation reports its financial activities ~~and~~

Operating and Nonoperating Revenues and Expenses

Revenues and expenses are classified as operating if they result from providing services in connection with the Foundation's ongoing operations. The Foundation's operating revenues consist primarily of contributions received, special events revenue, and administrative and management fees. Foundation operating expenses are those costs associated with donor cultivation, and stewardship, special events, and general administration of the Foundation. Nonoperating revenues and expenses relate primarily to the income and gains and losses associated with investment activity of the Foundation.

Use of Estimates

In preparing financial statements in conformity with U.S. generally accepted accounting principles, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

Management has evaluated subsequent events through September 9, 2015, which is the date these financial statements were available to be issued and these financial statements have not been updated for subsequent events occurring after that date.
