work related to responding to the request. The rate charged must be reasonable, based on the actual cost incurred and must not exceed fifty (50) cents per page. The estimate of the cost shall take into consideration, but not necessarily be limited to, the gross hourly wages of each of the staff member(s) reasonably available and qualified to respond to the request. The time must be the actual time required to respond to the request. The extraordinary use of personnel fee must not include the first two (2) hours of each employee's time.

b. Extraordinary Use of Technological Resources. Should extraordinary use of technology be required to comply with a public books or records request, the requester must be charged the actual cost for the use of the technology, exclusive of overhead, and not to exceed fifty (50) cents per page.

3. Prior Notice of Extraordinary Fees (NRS 239.055). Prior to preparing information which requires extraordinary use of personnel or technology, the employee who is responding to the request must prepare an estimate of the time required to comply and must inform the requester of the anticipated charge based upon those estimates. The estimated fee must be collected before the work begins to prepare the requested copy of the public record. If the requester objects to the prior payment of all or part of the estimate, counsel should be consulted. NSHE will not charge an additional fee as provided herein if subsequent requests for the same documents do not require the extraordinary use of NSHE personnel or technological resources to fulfill the additional or subsequent requests. If the actual cost is less than the estimate, the balance must be returned to the requester.

An officer, employee or agent of a governmental entity who has custody of a public record must not refuse to provide a copy of that public record in a readily available medium because the officer, employee or agent has already prepared or would prefer to provide the copy in a different medium. In the event a request is made for a public record maintained in a readily available medium other than letter size or legal size paper or the readily available medium of the public record cannot be accurately reproduced on a standard copier to letter size or legal size paper, the requester must be charged the actual cost for reproducing the record.

If the actual cost is less than the estimate, the balance must be returned to the requester.

6. Additional Fee for Copy of Transcript of Administrative Proceeding (NRS 239.053). If the public records request is for a copy of a transcript by a certified court reporter of an administrative proceeding, in addition to the actual cost of the medium in which the copy of a transcript is provided, the requester must be charged the per page fee set forth in the contract with the court reporter.
