- suggests TMCC's online textbook conversion system and will get more information on it
- Is looking into student's preference of online resources
- In contract with Follett
- Teachers regarding their book requests or other resources (less costly) outside of WNC's bookstore
- Students with a completed FAFSA get aid to pay their books from the bookstore, not necessarily other resources outside WNC
- had complications with his online book order and was forced to seek a third party
- Students have had issues with Follett regarding their process to deliver books. The issue is in progress to become resolved
- There are concerns of the August semester on how books will be delivered to students if COVID-19 complications continue
- joins the meeting at 2:54 P.M
- A "Walmart" type pick up may be the best option
- Regarding Dannell's comment about teachers' book requests when there are no actual books available, it's up to the bookstore to pick that up.
- Nevada has joined the western state pack, how will that impact us?
- Summer classes will remain online. However other semesters such as Fall aren't currently clear. A new level of Zoom can possibly be built for snow days for example. The goal is to have cor(e)4 (r)6.9 n p
